I. ORAL MEDICINE, DIAGNOSIS AND RADIOLOGY

A) ORAL DIAGNOSIS
1- Examination and Diagnosis
2- Case discussions

B) ORAL MEDICINE
1- Biopsy
2- Medical management of Oro-facial disorders
3- Medical management of Oro-facial pain
4- Biopsy
5- TENS

C) RADIOLOGY
1- Intral oral Radiography- Periapical, bitewing and Occlusal
2- Extra- Oral Radiography-Skull, TMJ, and Jaws
3- OPG and Cephalo
4- Radio-visiography
5- Intra-Oral Photography
6- CT Scanning (People’s Hospital)

II. DEPARTMENT OF PERIODONTICS
1- Diagnosis and treatment planning of the cases
2- Case discussions
3- Supra & Subgingival scaling (hand scaling & ultrasonic)
4- Open & closed curettage
5- Root planing
6- Flap surgical procedures (with & without bone grafting)
7- Gingivectomy & gingivoplasty
8- Mucogingival surgeries
9- Root resection & hemisection
10- Gum veneers
11- Local drug delivery system
12- Osteoplasty & coronoplasty
13- Splinting
14- Pre- prosthetic surgical procedures
15- Incision & drainage of abscess
16- Guided tissue regeneration with collagen membrane + hydroxyapatite
17- Dental Implants

III. DEPARTMENT OF CONSERVATIVE DENTISTRY AND ENDODONTICS
1- Diagnosis and treatment planning of the cases
2- Case discussion
3- Amalgam restorations
4- Tooth colored restorations
5- Root canal Treatment
6- Post core & crown
7- Bleaching
8- Periapical surgery
9- Periapical radiographs & RVG

IV. DEPARTMENT OF PEDODONTICS
A) 1- Diagnosis and treatment planning of the cases
    2- Case discussions

B) PREVENTIVE PROCEDURES:
   1- Oral prophylaxis
2- Dental Health Education
3- Diet counselling
4- Topical fluoride application
5- Pit & fissure sealants application

C) RESTORATIONS
1- Glass ionomers restorations
2- Silver amalgam restorations
3- Tooth coloured restorations
4- Composites restorations
5- Stainless steel crowns
6- Polycarbonate crowns
7- Acrylic crowns

D) ENDODONTICS PROCEDURES
1- Pulp capping
2- Pulpotomy pulpectomy in deciduous teeth
3- Root canal treatment permanent teeth
4- Apexification
5- Endodontic surgeries
6- Periapical Radiographs

E) SURGICAL TREATMENT
1- Extraction of the teeth
2- Minor surgical procedure

F) ORTHODONTIC PROCEDURES
1- Space maintainers- fixed & removable
2- Removable orthodontic treatment
3- Habit breaking appliances.

V. DEPARTMENT OF PROSTHODONTICS
1- Diagnosis and treatment planning of the cases
2- Case discussions
3- Fabrication of Complete denture prosthesis
4- Fabrication of Single complete denture prosthesis
5- Fabrication of Immediate denture prosthesis
6- Fabrication of Removable partial denture
7- Fabrication of Cast Partial denture
8- Fabrication of Fixed Partial Denture
9- Fabrication of Maxillofacial Prosthesis
10- Full mouth Rehabilitation
11- Dental Implants

VI ORTHODONTICS
1- Diagnosis and treatment planning of the cases
2- Case discussions
3- Treatment with Removable Appliances
4- Treatment with Fixed Appliances-Begg's & straight wire technics
5- Myo-functional appliances
6- Habit breaking appliances.
7- Extra-oral appliances
8- Orthodontic Implants

VII DEPARTMENT OF ORAL PATHOLOGY
1- Diagnosis and discussion of the cases
2- Biopsy
3- FNAC
4- Hematology- Investigations
VIII ORAL MAXILLOFACIAL SURGERY

A) ROUTINE PROCEEDURS
1- Diagnosis and treatment planning of the cases
2- Case discussions
3- Extractions of the teeth

B) MAJOR SURGERY
1- Fractures- Open and Closed methods
2- Pedodontic Pts- Fractures- Splinting
3- Facial Space Infections
4- Cysts and Tumors
5- TMJ Disorders
6- Precancers and Cancers
7- Oro-antral Fistula
8- Dental Implants

C) MINOR SURgeries
1- Transalveolar extractions
2- Impactions
3- Apicectomy
4- Alveoplasty
5- Vestibuloplasty
6- Ridge Augmentation
7- Sialolithotomy

IX COMMUNITY DENTISTRY

A) DENTAL HEALTH EDUCATION OF THE PEOPLE
1- In the Department with the help of posters and models
2- In Museum in the Department with the help of posters and models
3- In the Schools and Colleges with the help of audio-visual aids
4- In the camps in rural and urban areas with the help of audio-visual aids

B) SCREENING AND TREATMENT
1- In the departmental clinic
2- In the camps

C) DENTAL HEALTH CAMPS
1- In the Schools and Colleges.
2- In the rural and urban areas with the help of NGOs

D) PREVENTIVE PROCEEDURES
1- Oral prophylaxis
2- Dental Health Education
3- Diet counselling
4- Topical fluoride application
5- Pit & fissure sealants application

E) SURVEYS
1- Various Oral Health Indices in the Pts attending Dental OPD
2- Surveys carried out by Interns and Students in and around Kanpur

The department of Community Dentistry is provided with a MOBILE DENTAL CLINIC (BUS) fitted with two Dental chairs and units, X-Ray unit, Autoclave, Generator, TV and DVD player and Public Adress system.
