Plantation by Final Year Students

REPORT

As a part of 2016-2020 batch of final year students of School of Pharmacy & Research, Peoples University, which was passing out today. We planned tree plantation activity in our campus. Objective for tree plantation is for awareness about environment safety & nourishment of campus. It is the tradition of SOPR to plant the tree in the name of the outgoing batch. This marks the responsibility towards the students as well as the nature. The tree plantation ceremony was graced by the Principal, **Dr. Neeraj Upmanyu** along with faculty members and also motivate the students and wished them good luck for their bright future.

Pros and Cons of Online education delivery during and after Pandemic.

With the advent of internet and computers online education has become very popular. It is a very convenient and easy way of learning. In online education students access online study material, join virtual lectures, post questions to teachers, chat with fellow students, give virtual exams. However online education has both advantages and disadvantages.

Advantages

- (i) Comfort & Convenience: students can attend online lecture from the comfort of their home. They can study at their convenience.
- (ii) Documentation: All the study documents, teaching materials, e-mails etc. are safely stored in online database. If students need any of these, they can access it fast. Saving lots of time.
- (iii) No travelling: travelling time and cost is saved in online education. A lot of fuel is saved too.

Disadvantages

- (i) Less personal interaction: in missing in online education, there is no face to face conversation between students and teachers. Students can't meet other fellow students. This puts barriers in communications skills and personality development.

Topic: Pros & cons of Online Education delivery during & after pandemic.

Introduction:
Online education is a form of education which is delivered & administered using internet. Online education can be divided into several categories depending on the amount of online learning that is incorporated into the course, ranging from traditional face to face learning to blended learning to exclusive online course.

As several countries began to implement lockdown measures, with the lockdowns resulting in closure of colleges & schools. Students & teachers alike have turned to ed-tech platforms to help maintain academic momentum.

Online learning in Indian market has gained tremendous traction in recent years. Aside from just academic content, they also enable students to gain skills.

But there are two sides to every story. E-learning too has its fair share of pros & cons.

International Literacy Day on 8th September 2020 on this occasion essay competition were held on the topic

"Pros & Cons of online education delivery during and after Pandemic"

Pros & Cons of Online Education delivery during and after Pandemic

Pros and Cons of online education is a hotly debated topic that divides opinion. 2020 has caused us a lot of fatal situations. Everything has gone through a complete change now-a-days; so is the student life. As social distancing, staying safe at home became mandatory, this only alternative for giving and taking knowledge became through online teaching.

First and foremost we all knew that this pandemic would be lasting long. Online teaching was the only option to keep the students back to studies as they would have lost track. Teachers are now walking right into the homes of their students before pandemic. Kids were prohibited from having and using mobiles and computers.

REPORT OF THE EVENT

59th National Pharmacy Week was celebrated at School of Pharmacy & Research, People's University from 23rd to 28th November 2020. Several competitions along with guest lectures were organized during the week. The theme for this year was "**Pharmacists:- Frontline Health Professionals**". The program was initiated with a virtual recorded video of Dr. Manjiri Gharat, Vice-President, IPA, Community Division and Vice-President FIP, Netherlands. She appreciated the Pharmacists as Covid Warriors and their contribution in this COVID-19 phase. First lecture was delivered by Mr. Tilak Sairam Gajendran, Entrepreneur, Ex-Senior application specialist-electronic medication management, Queensland, Australia. His topic was "**Strengthening Community Pharmacy services in India: Strategy and future perspective**". He discussed about the role of Pharmacists in medical counseling and various formats to utilize better implementation of community pharmacy. He explained elaboratively taking various ailments like Diabetes, Hypertension etc. The another lecture was delivered by Mrs. Laxmi Yadav, Store In-charge, State Government Hospital, Holkar Science College, Indore (M.P). The topic of her presentation was "**Pharmacists working like COVID-19 Warriors**". She shared some important points regarding vaccine storage, role of pharmacist during dispensing and diet to be taken during this Pandemic. She was happy to share that during covid-19 vaccination, ministry has considered pharmacist as health care worker along with doctors, dentist, paramedical and nursing staff. Various competitions were held during this week like elocution competition and leaflet making competition on "**Antimicrobial Resistance**". Students enthusiastically took participation in the above mentioned events and following were adjudged as winners of the respective competitions:

Elocution competition:

1. Vaishali Singh (B. Pharm II year)
2. Juhi Jasuja (B .Pharm II year)
3. Aqsa Khan (B. Pharm I year)

Leaflet Making Competition :

1. Ria Talreja (B. Pharm I year)
2. Vaishali Singh (B. Pharm II year)
3. Anand Singh (B. Pharm III year)

Dr. Neeraj Upmanyu, Principal, School of Pharmacy & Research and all the faculties congratulated the winners. At the end of the program coordinator of the event Mrs. Eisha Ganju, Associate Professor, SOP&R presented Vote of Thanks and concluded the event.

REPORT OF THE EVENT

A webinar regarding promotion of prospective admissions was organized by School of Pharmacy & Research, People's University in association with People's Public School on 29th June 2021 through virtual mode. In this context, a power point presentation was delivered by Mrs. Eisha Ganju, Associate Professor, SOP&R. The topic of her presentation was "Pharmacy- The Ultimate Savior". In her presentation she informed the students about what actually 'Pharmacy' means. She also gave information about its courses, branches, prospects in career and its scope. She discussed about Pharmacy programme offered in our institution, eligibility criteria and other nitty-gritties of pharmacy. Mr. Surendra Dangi, Associate Professor were also present and happy to reply the queries raised by students. It was an interactive session with all the students. Around 35 students joined the webinar enthusiastically. At the end Dr. Neeraj Upmanyu, Principal SOP&R also interacted with the students and further elaborated the prospects of Pharmacy. From PPS, Ms. Bhoomika joined the session.

Type of Event/Activity –

- National Health Day Celebration
- Extempore competition
- Video making Competition Theme- Hygiene for all
- Webinar on Personality Development

Date: 10/12/2020

- Title of Event: National Health Day Celebration

Venue: Online Mode

Name(s) of Chief Guest/ Other Guests / Resource Person/ Speaker(s):

- Judge & Speaker:
1. Dr Naved Ahmed
 2. Dr Akansha Sharma

Name Coordinator(s): Dr Naved Ahmad, Dr Akansha Sharma

Collaborator/Sponsor (if any): NSS

No. of Participants (Student): 97(M:40 & F:57) + PCPS Faculties

Brief about the event (Minimum 50 words)

- National Health Day Celebration
- Extempore competition
- Video making Competition Theme- Hygiene for all
- Webinar on Personality Development
- These all events were organized and respective participants were awarded with the prize.

Outcome/Impact of event/activity in brief: NSS Volunteers gets knowledge Health and Hygiene of the society and individuals. Betterment of video making enhancing creativity.

Name of Coordinator(s): Ms. Shital Gupta HOD CSE department , SORT Bhopal

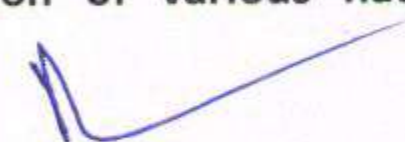

No. of Participants : 01

Brief about the event (Minimum 50 words)

Online Course "Geoinformatics for Disaster management" was organized for Computer Science & Engineering Students .This Online Course organized from 05/04/2021 to 16/04/2021. This Online Course organized by Indian Institute of Remote Sensing ,Dehradun .Resource person of this Online Course were : Dr. Harish C. Karnatak , Dr. Manu Mehta & Dr. Ashutosh Bhardwaj . Course is about Geoinformatics, which includes Remote Sensing, Geographic Information System, Global Positioning Systems, and Internet Mapping Services, provides the most powerful technology for all phases of disaster management .Course will cover basic concepts of Geographic Information System.

Outcome/Impact of event/activity in brief : Participants got throne knowledge about disaster management. Participants explore knowledge about overview of geoinformatics technology and its role in mainstreaming DRR. Course participants will be aware of the potential of geoinformatics technology for mapping, monitoring and mitigation of various natural hazards.

Total SORT Students Participated = 80 online
Total Outside Participants = 41 online

Brief about the event:

- Objective: All the academic institutions are being affected by COVID -19 pandemic and moving courses and resources online. By the end of this crisis, universities will be in more critical demand than ever as they push research forward and contribute to the larger community as significant employers. This webinar aims to provide an excellent opportunity to all stakeholders, academicians and expert to share their views, learning experiences, engagement, and overall success towards COVID -19.
- Formal Beginning: The event coordinator initiated the event by introducing the eminent speaker to all the participants and sharing the importance of the title and idea of organizing it online that bases the global COVID-19 pandemic challenges, followed by welcome of Head of the Institution and IQAC Steering Committee and moderated precisely to ensure the program flow as per the scheduled itinerary. The Head of the Institution and IQAC Chairman welcomed the guest speaker and graced all the participants with their glorifying words of greetings.
- Content Delivery: The eminent key-speaker explained about the key effects of COVID-19 pandemic on higher education Institutes by screening the PowerPoint Presentation. He stressed over the impacts and various challenges of online teaching-learning methodologies, and responses.

REPORT OF EVENT

CONSTITUENT UNIT –Department of Computer Science & Engineering, SORT

Type of Event/Activity– Social Activity

Date: 02/01/2021 To 08/01/2021

Title of Event: Joy of Giving

Venue: CSE Department

Name(s) of Chief Guest: Dr. D. K. Rajoriya(Principal SORT) & Dr. Piyush Kumar Soni(Vice Principal SORT)

Name Coordinator(s): Mr. Rahul Tiwari & Mr. Bhupendra Malviya

Student Coordinator(s): Mr. Md Ghulam Ali & Ms. Anjali Sinha (CSE Student Club)

No. of Participants: NA

Brief about the event (Minimum 50 words)

Joy of Giving was a social activity which was conducted by the Department of Computer Science and Engineering in which the clothing, books, toys, notebooks, stationary, packed foot items, shoes and all the necessary items were distributed to the needy people. All these items were donated by the students and faculty members in the donation box.

Outcome/Impact of event/activity in brief

This activity was a pleasure for all as everyone got the chance of sharing and giving their things to the other needy people. This activity gave true meaning to the celebration of the New Year.
