Bansal Hospital, a private hospital, having its Registered Office at Bansal Hospital, Near Shripura Lake, Shripura, Bhopal, Madhya Pradesh-482036, India (hereinafter called "Bansal Hospital" which expression shall include its successors in interest, business and permitted assigns).

Preamble

PCDS & RC, Bhopal is an Institute that provides young minds to grow in the field of Dental Sciences. It provides high quality education and motivates students towards academic research.

Bansal Hospital is a comprehensive multi-specialty Hospital which provides specialized services to make the life of terminally ill patients comfortable as per the guidelines of WHO. Bansal Hospital has therapeutic and advance diagnostic facilities at par with national level hospitals. To synergize R&D and academic efforts in the field of biomedical education and research, PCDS & RC Bhopal and Bansal Hospital Bhopal are interested in establishing interaction in collaborative research and academic activities.

1. PCDS & RC Bhopal and Bansal Hospital will identify research opportunities to conduct cooperative research and experimental programmes for the mutual benefits.
2. PCDS & RC Bhopal and Bansal Hospital will encourage respective physicians, faculty members and scientists to explore and prepare joint research proposals on some thrust areas for funding by government agencies.
3. Joint research projects will be submitted to funding agencies after obtaining explicit clearance from both the institutions. The technical activities and grant sharing between two parties shall be defined and mutually agreed while submitting such proposals. Existing/stipulated guidelines of the funding agencies with regard to research publications and patents will be followed. Else such matters will be mutually decided.
4. All patent applications will be made through PCDS & RC Bhopal directly or through some federal or private agency appointed/approved by PCDS & RC Bhopal. The interests of Bansal Hospital while filing the patent applications will be respected as per the mutual agreement made prior to the beginning of the project on case to case basis. PCDS & RC Bhopal and Bansal Hospital shall consult each other for research publications and acknowledge the same for research publications resulting from collaborative research. The role in research and authorships of contributors in publications from each institute should be clearly defined prior to the beginning of the project.
6. PCDS & RC Bhopal and Bansal Hospital will explore possibility to organize seminars, workshops, conference and various scientific activities of mutual interest under auspices of learned professional societies at mutually convenient venues to promote R&D/academia/industry interactions. The resources for such activity will be shared.
7. Duration of MOU will be initially for FIVE years, which can be renewed upon mutual understanding.
8. Either party may terminate this MOU by giving thirty (30) days notice in writing to the other party provided that such termination shall not affect the rights of the parties to MOU which have been accrued prior to such termination.

Memorandum Of Understanding

Shared commitment to create advocacy to provide a centralized pooling of data on precancerous lesions and conditions and oral cancer cases across the nation. This will function as a database that will not only provide us with oral cancer statistics but shall also support us in planning and building strategies for fighting the increasing occurrence of oral cancer in our country.

Parties collaborating:

- A. Indian Dental Association (IDA):** Indian Dental Association (IDA) is an independent and recognized voice of dental professionals in India. IDA has its registered office at: Block No. 6, 1st Floor, 386, Sane Guruji Building, Veer Sawarkar Marg, Opposite Siddhivinayak Temple, Prabhadevi, Mumbai-400025, Maharashtra, India. (Hereinafter referred to as Party A)
- B. Name of Dental College with Address:** Peoples College of Dental Sciences & Research Centre, Peoples Campus, Bypass Road Bhanpur, Bhopal -462070, Madhya Pradesh. (Hereinafter referred to as Party B)

Commitment to Action:

The parties recognize that the people of the country, suffering from Oral Precancerous lesion & conditions and Oral Cancer are yet to benefit from early diagnosis, awareness and quality oral cancer treatment. The parties have together agreed to develop an atlas of oral precancerous lesions and conditions and established cancer cases.

1. Party A will provide Party B with the software to enter all the information regarding pre-malignant lesion, conditions and oral cancer cases and maintain the database.

Committed to Dental Excellence

2. Party B will systemically collect the said data in order to understand trends in oral cancer occurrence over the country, and enter it in the National Oral Cancer Registry (NOCR) database using the software that Party A has equipped them with.
3. Enter correct, authentic & complete information of all the pre-malignant lesions, conditions & oral cancer cases, registered with the institution i.e. party B; which includes all new and on-going treatment, treated cases.
4. Party B will have access to all the data entered by them.
5. Only Party A and Party B will have access to the data and the patients' confidentiality will be maintained.
6. All the data collected in this database will be compiled in a report at the end of the year and party B will get credit for the data entered by them, if and where Party A publishes this data.
7. At the end of each year, the institution that provides and maintains maximum authentic data in that year will be recognised at the Indian Dental Conference of the following year, and be felicitated for the same.

This Collaboration will be in place through this MoU from 1st Day of January 2019 for a period of 3 years, till 31st December, 2021.

Brief about the event (Minimum 50 words)

Industrial visit was carried out at HIND PHARMA on 20th December, 2021 especially for 7semester/IV-year students. The first department that we visited was quality control area, Instrumental area, raw material and packaging material warehousing area where we got to learn how the raw and packaging materials are stored and labelled and we have seen different types of labels with different colours fixed on containers indicating its batch number, lot number, issue date, expiration date, retest date, and storage conditions. In another section processes of the manufacturing of the tablets were explained. They cover each and every small aspect of the tablet making by giving day today's life examples. Many students have asked the queries and the instructor has solved them very cleverly and politely the main objective behind the visit was to make student aware about how various department like Quality control area, instrumental area, Raw material store, liquid packaging area etc. We took almost an hour to see complete set of production which was followed by questions of students. In last we had an interaction of their **CEO Dr. Radha Sharan Goswami**, He ask few questions to the students and interacted very well. **Dr. Bhaskar kumar Gupta Principal, SOPR** has encourage the students to participate in the Industrial Visit. Event was successfully coordinated by **Mrs Rajni Dubey**, Associate Processor, **Mr. Surendra Dangi**, Associate Processor and **Mr. Hiresh Dutt**, Associate Processor.

Outcome/Impact of event/activity in brief:

It is rightly said that "See & know" is better than "read & learn". Students have got real feel of company's working after this visit. They got a chance to transfer their theoretical knowledge to practical implication. This will even help students to understand subject matter clearly in future also. Industrial visit was to provide an exposure to students about practical working environment. It lets students to know things practically through interaction, working methods and employment practices.
